STATEMENT OF COMMITMENT TO CHILD SAFETY

Western English Language School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing physical and online environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about

decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex, queer, questioning and asexual (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

POLICY

ROLES AND RESPONSIBILITIES

Please Note:

Individuals or groups of children are not permitted to be withdrawn into areas where they are not visible by other staff members or taken into rooms that can be locked. Any room that has a lock needs to remain open when students are present.

Staff and volunteers are to be directed to ensure that students at all times remain readily accessible and within the visibility of other staff.

Specific staff child safety responsibilities

Western English Language School has nominated a child safety officer to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety officer are outlined at [Guidance for child safety champions](#).

Our principal and child safety officer are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The principal and child safety officer are responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach principal and child safety officer if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- principal and child safety officer are responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety and Wellbeing Team on child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing.

Our Risk Management Committee monitors the Child Safety Risk Register.

Parents

- Parents will sign their child into school at reception, and an ES staff member will be called to collect the student from the reception area and take them to their classroom.

- No parent, carer or any visitor are to enter classrooms with students present or a vacated class without approval from the school's leadership team.

CHILD SAFETY CODE OF CONDUCT

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At Western English Language School we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through DE policies, our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

At our school we are committed to building a culture of safety, respect and responsibility in the way we procure digital services, use technology and interact online. We teach our students about responsible digital behaviours, including how to recognise and respond to online dangers and threats. We support students to develop the digital skills they need to make a positive impact in the world. We are intentional and discerning about our integration of digital tools into the curriculum, providing rich, interactive and personalised experiences, while ensuring a balance with offline learning opportunities.

Western English Language School's approach to promoting child safety and managing risk in physical and online environments is strengthened by:

- School-wide Positive Behaviours (SWPBS)
- eSMART/eSafety Commissioner
- Digital Learning Acceptable Use Agreement
- Respectful Relationships (RR) curriculum and Sexual Health Victoria (Consent) programs

ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At Western English Language School we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

Our Aboriginal and Torres Strait Islander Education Plan outlines the measures we have in place to maintain an inclusive and culturally safe school for Aboriginal children and students

STUDENT EMPOWERMENT

To support child safety and wellbeing at Western English Language School we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values.

We inform students of their rights through engagement in school wide positive behaviour support with our staff and students and a whole school approach to Respectful Relationships. We give students the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at school reception and on our school website.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

We have developed the following strategies to promote student empowerment in our school community:

- Child and student empowerment referenced in Differentiation and Intervention model and framework and independent learning curriculum supported by Allied Health therapy programs e.g. Social skills.
- RR and Sexual Health Victoria program delivered to all classes including about Consent Education
- Student Leadership opportunities provided to ensure student's voices are considered.
- Promoting the importance of friendships and encouraging peers to help students feel safe and be less isolated.
